## 1934 SPRING PRICE LIST

---

### LOW PRICES

Notwithstanding the prices named are extremely low, they are PREPAID if the order amounts to \$1.00 or more. If less, please add 10% for postage.

### SALES TAX

The California Sales Tax applies only to shipments within the state and is: Less than 15c, no tax; 15c to 59c, 1c; 60c to \$1.05, 2c; \$1.06 to \$1.49, 3c; \$1.50 to \$1.90, 4c, and 1c for each additional 40c.

### STOCK

All stock offered is grown from bulblets or small planting stock which makes a high crowned, plump, vigorous bulb that has all its bloom life before it. My bulbs are entirely free from disease or pests and true to name.

### FILLING ORDERS

If sold out of sizes ordered, I will send double quantity of the same varieties in smaller sizes unless otherwise instructed.

All orders filled with a liberal overcount. Should mistakes occur, I will gladly make it right.

### SIZE OF BULBS

Large sizes are 1 $\frac{1}{4}$  inches and up; Medium sizes are 1 inch to 1 $\frac{1}{4}$  inches; Small sizes are  $\frac{1}{2}$  to  $\frac{3}{4}$  inches.

Large and Medium size bulbs will all bloom nicely. Small sizes and bulblets of many varieties make medium and small blooms, and nice high crown bulbs for next year, so select the sizes best meeting your requirements.

### QUANTITY PRICES

Ten bulbs of any variety listing but one may be had for the price of eight times the price of one, and 25 bulbs at twice the price of ten. I will meet any published price that is less than in this list.

### ASSORTMENTS

I have a large stock of some varieties and am making a liberal offer of such in the list of specials on the back page.
